LSF - EGYPT
LIGHT, STRONG & FAST

Date: 5 June 2026

His ExcellencyMr. Ismaïl Omar Guelleh President of the Republic of Djibouti Presidential Palace Djibouti City, Republic of Djibouti

Subject: Request for Strategic Collaboration and Investment Opportunity in Djibouti's Real Estate and Infrastructure Development Sector

Your Excellency,

On behalf of LSF, we respectfully extend our warm greetings and sincere appreciation for the remarkable economic transformation and infrastructure advancement taking place in the Republic of Djibouti under your distinguished leadership.

LSF is an international construction and infrastructure development company with extensive experience in real estate development, civil engineering, transport infrastructure, commercial projects, housing developments, and institutional construction across various markets. Our company has successfully delivered projects that contribute to economic growth, urban modernization, and sustainable development.

We write to formally express our strong interest in entering the Djiboutian real estate and infrastructure development market with the objective of contributing our expertise, technical capacity, and investment capabilities toward the country's ongoing development agenda.

We understand that Djibouti continues to position itself as a strategic regional hub for trade, logistics, urban expansion, and investment. In support of this vision, our company is prepared to collaborate with relevant government institutions and private sector stakeholders in the implementation of high-quality and sustainable development projects

Furthermore, we are pleased to inform Your Excellency that we are currently engaging with local Djiboutian partners who are facilitating our market entry initiative. We are fully prepared to establish joint venture partnerships with qualified local companies in compliance with the laws and investment framework of Djibouti. Through such partnerships, we aim to promote knowledge transfer, employment creation, skills development, and local capacity building within the construction and infrastructure sectors.

Our proposed areas of cooperation include

Residential and commercial real estate development

Roads and transport infrastructure

Industrial and logistics facilities

Affordable housing projects

Public infrastructure construction

Engineering consultancy and project management

Capacity building and technical training for local professionals

We respectfully request the opportunity to engage with the relevant authorities and investment agencies under your administration to further discuss potential collaboration and investment opportunities.

We are confident that our experience, commitment to quality, and long-term investment vision can contribute meaningfully to Djibouti's economic and infrastructure development objectives.

Please accept, Your Excellency, the assurances of our highest consideration and respect.

Yours faithfully,

CEO
LSF
